ADMINISTRATION

TRANSFER STUDENTS -The winter transfer deadline is soon approaching on December 7. As a reminder, for students to be eligible for Winter Sports, they must have withdrawn from the previous school, enrolled and be attending the new school prior to the deadline of December 7. Students who transfer after the deadline are not eligible for Varsity Participation until the Spring sports. They may participate at the sub-varsity level.

FOREIGN STUDENTS— Foreign Resident and Foreign Exchange students must be approved prior to any TAPPS competition - athletic or fine arts. If your school has not submitted applications on students desiring to participate in the spring, please submit by mail, no faxes, Foreign Student applications, documentation, and fees as soon as time allows.

SCORE REPORTING

The WINTER season has arrived. Please report the scores of all BASKETBALL and WINTER SOCCER contests through TAPPster as soon as possible after the conclusion of the contests. This includes the scores of tournaments, non-district and district contests.

Thank you to all schools who have reported their Winter Soccer and Basketball scores. However, many schools have not reported scores for the current season and those schools should enter all scores as stated above in a timely manner.
