

**Welcome to the 2011 TAPPS State Cross Country meet. The following items have been developed to assist in making the meet a success for all involved. Please help by following the restrictions and rules as presented below.**

- **The State Cross Country meet schedule of events is posted on the Cross Country page at [www.tapps.net](http://www.tapps.net). We will have over 1100 runners in the 10 classifications competing for both individual and team honors.**
- **The meet has moved to the Baylor Intramural Fields near campus for the 2011 race due to wildfires which claimed the course at Lake Waco. A map to the course is available on the Cross Country Newsbriefs page at [www.tapps.net](http://www.tapps.net).**
- **Please park in the designated areas of the Ferrell Center parking lots as directed. Parking on La Salle or University will not be allowed and law enforcement will be present to insure compliance.**
- **Spectators and coaches must stay on the outside of the course. Please assist the meet administration by staying where directed and not crossing the course lines.**
- **The START and FINISH line areas will be crowded. Please be respectful of other spectators when moving to these areas. Everyone wants to see their child or student compete.**
- **As a reminder, spectators cannot offer assistance (water, etc) to runners who are competing on the course.**
- **The awards ceremony will be conducted approximately 20 minutes after the conclusion of the race in the parking area of the Intramural Fields.**
- **Race results will be posted on site after the awards ceremony, posted on the TAPPS Facebook page after the ceremony, and posted on the TAPPS website the Monday following the competition. Follow us on Facebook and Twitter for information on the meet.**

**THANK YOU for supporting the runners, the schools  
and TAPPS by your attendance at the  
State Cross Country Meet.**
