- A. Composition: The Athletic Executive Committee is composed of seven members, six members to be elected by the membership, one from each classification and one member selected by the Executive Board from any of the classifications. Member schools from each classification will nominate and vote for the Executive Committee representative from their classification only. A President and Vice-president shall be elected from the seven committee members by the committee members. Committee members are appointed to a place (numbered 1 through 7) and serve two-year terms, including the President.
